Class Description

Cardio Kickboxing (CKB)- intense cardiovascular/strength conditioning class that incorporates movements derived from boxing, and karate. Focus on punches and kicks that provides a vigorous, energetic, heart-pumping workout.

Cardio Circuit a total body workout using weights, balls, and bands to increase your cardiovascular and muscular endurance power with a standing circuit workout.

Indoor Cycling Stationary group cycling led by specially trained instructors. Specially designed bikes, set to motivational music, offers a complete cardiovascular training program to strengthen and tone body and mind. (WE RECOMMEND BEGINNERS MODIFY THEIR INTENSITY ON THEIR OWN FITNESS LEVEL.)

Interval moderate to high intensity workout that alternates periods of step with muscle conditioning.

Pilates a combination of exercises based on the concepts of Joseph Pilates. Benefits include increased muscle definition, improvements in coordination, flexibility and body awareness.

Fitness Improvement Program (FIP)- for all Air Force members that received a composite fitness score of <70.

Class Description

Power Pump weight training class, utilizing a variable weight barbell and weight plates to work through ten songs, each dedicated to conditioning a major muscle group. The perfect union of muscle and music.

Power Stretch designed to strengthen the bodies core while toning and increasing flexibility of the major muscles of the body. Comprised of a combination of Pilates, Resist-a-Ball and Yoga.

Resist-a-Ball a work out designed to strengthen the body's core abdominals and back in each exercise while enhancing balance and flexibility. Work out utilizes a stability ball.

Step Low impact, moderate to high intensity step workout. (WE RECOMMEND BEGINNERS USE NO RISERS)

Zumba a challenging and fun Latin style dance class. The routines feature aerobics/fitness interval training with a combination of fast and slow rhythms that tone and sculpt the body.

Abs and Buns This class targets two major muscle groups to improve strength and posture.
